Application for Marriage Registration

Please fill out carefully and accordingly. Thank You.

Directions:

1. Teenage applicants must be accompanied by a parent or guardian
2. For a virgin girl (by religious definition) her father or grandfather must give consent to the marriage, except for a few religious exceptions.
3. Both sides must be free from any other legal or religious marital relationship
4. Each party should have legal identification (driver's license, passport, state ID, etc.)
5. Both parties must be aware of the following religious rules, agree, and abide by them:

Wife's Rights:

After accepting the religious wedding, the wife is entitled to the following rights:

1. To receive the necessary expenses for livelihood including, food, clothes, home, healthcare, etc.
2. To be treated nicely and with leniency by her husband
3. To have physical intimacy with her husband
4. To receive her dowry according to the agreement

Husband's Rights:

After accepting the religious wedding, the following responsibilities become obligatory on the wife:

1. To follow her husband, since he is responsible for the family
2. Not to prevent her husband from physical intimacy, unless there is a religiously acceptable reason
3. To treat her husband nicely and with leniency

Additional Comments:

1. Wedding and divorce are only legitimate if done according to the religion
2. It is important for the couple to be aware of the legal conditions for marriage where they live; and they should also be aware of the dependant issues such as legal divorce and child custody
3. Husband and wife can add additional conditions to the wedding contract (if both sides agree on the conditions), as long as the condition is not against Islamic teachings

Awareness of Legal Issues: Know that you live in a country where some laws will be different from religious rule, thus you should know and not go against them.
